

Listing of Claims:

Claims 1-8 (previously canceled)

9. (previously amended)

A method of inhibiting malignant cell migration and metastasis in a host having a malignancy by administration of a migration-inhibiting effective amount of at least one antibody which is chosen to bind to a chemokine known to be over-expressed in the particular type of malignant cell.

10. (previously amended)

The method of claim 9 wherein the host is a human.

11. (previously amended)

The method of claim 9 wherein the antibody is a human, humanized or chimeric antibody.

Claims 12-14 (previously canceled)

15. (previously submitted)

The method of claim 9 wherein the migration-inhibiting antibodies are at least one of anti-CXCL13 antibodies and anti-CCL 25 antibodies.

16. (previously submitted)

The method of claim 15 wherein the antibodies are anti-CXCL13 antibodies.

17. (previously submitted)

The method of claim 15 wherein the antibodies are anti-CCL25 antibodies.

18. (previously submitted)

The method of claim 9 wherein the antibodies are administered in microspheres.
